

# Kennebunk Sewer District Request for Qualifications

## Addendums

### Addendum 1:

#### Question 1

Are there any borings or geotechnical information available in the location of the proposed tank or on the site in general?

*Staff has not located any borings located in the proposed location for the new tank. We do have some Geotechnical information available for the areas adjacent to proposed location. We have added to the this to the list of reference materials.*
