

# Kennebunk Sewer District

## Request for Qualifications

### Addendum 2:

#### Question 1

Under Section A – Cover Letter, you asked for “The firm’s Maine Engineering License”. Can you confirm that you are looking for the firm registration to do work in Maine?

This line was not properly written. The intent is to list any engineers that are licensed and registered to practice in the State of Maine. On page 5, section 5 (Submittal Requirements and Instructions), section A (Cover Letter), please replace the line that reads: “The firm’s Maine Engineering Licenses” with “The firms professional engineers licensed to practice in the State of Maine.”
